

Roller Blind System Silent Gliss 4905

Roller Blind System Silent Gliss 4905

The Colour Statement

Small, trendy and colourful – the system Silent Gliss 4905 discreetly adapts to every room design.

Small is beautiful

The system features elegant click-in brackets (Easy-Fit), a slim tube and a discreet bottom bar. It fits perfectly into smaller window frames without appearing obtrusive.

Add a splash of colour

A great system and great colours! All the hardware parts can be produced colour matched across a wide range of colours. The blind will perfectly fit to almost any interior design scheme.

Colours down to your whim

The Fabric is as important as the hardware when it comes to the quality of a roller blind. Only technically advanced and perfectly produced fabrics guarantee crease free roll on and off.

Choose the perfect colour for your system
Silent Gliss 4905 or combine it with further attractive fabrics from our extensive fabric range.

Most fabrics from our collection are applicable with roller blind systems.

Functionality

Side guides

For sloped situations and roller blinds exposed to wind or heavy ventilation, the side guides avoid unwanted fabric movement.

Easy-Fit

The system can simply be clicked into the brackets for quick and easy installation.

Silent Gliss is the leading global supplier of motorised and manual curtain and blind systems in the high quality market. We offer our customers the very best in terms of quality, design, technology, service and individuality. Our core competence is innovation – inspired and driven by customer needs.
